## Popular Options

### HEPA Filter

Filters 99.9% of lung damaging air particles. A must for allergy sufferers!

**\$ 56.95**

### Active Air Filter

Charcoal Filter helps absorb odors, great if you have pets!

**\$ 34.95**

### Miele seb236 Electric Powernozzle

Electrically powered carpet tool suitable for all types of carpets, with a swivel neck for maneuverability, an integrated light and 6 way height adjustment, an all-round bumper strip to protect your furniture and automatic shut-off when in the parked position.

**\$249.00**

### Miele seb213 Electric Powernozzle

This Electrically powered carpet tool can be fitted to all Miele vacuums equipped with an electric hose. It is the perfect choice for low nap carpeting. Its light weight makes it easy to clean your entire home !

**\$149.00**

### Turbo Brush (STB 205 or 205-3)

The Miele Turbobrush has a rotating roller brush that is activated by the air that is drawn through the head to loosen the dirt and collect up any fluff and hair. It is ideal for a home with limited low pile carpeting .

**\$ 99.00**

### Hand Held Turbobrush (STB101)

This lightweight air driven powernozzle is perfect for cleaning stairs and other small areas where you want to clean thoroughly but gently. It is also ideal for deep cleaning of upholstery.

**\$70.00**

### MicroSet (41996087)

The MicroSet makes cleaning intricate woodwork, computers, and even stereo equipment easy and comes in a handy carrying case to prevent loss. The kit includes:

- A micro hose with combination crevice nozzle/dusting brush
- An extension crevice nozzle
- An angled crevice nozzle
- An extension dusting brush
